

Introductory Q and A

Let's talk about YOU! Let's talk about your intuitive, psychic & spiritual experiences, and what you'd love to get out of this community.

1

Have you ever had a precognitive dream?

If yes, tell us a little bit about it below.

2

Have you ever had an ADC? (after death communication experience - e.g. - seen an apparition, or felt visited by a "deceased" person)

If yes.....tell us about it below!

3

What 1 specific "spiritual" ability or talent would you love to cultivate?

If we could teach you one thing, what would it be, and why?

4

Do you feel called to do spiritual work? Would you be interested in doing helping, healing or spiritual coaching as a career?

If yes.....tell us what that looks like for you?

5

What is your SUPERPOWER?

I believe that every single one of us has a super power, or great gift that is waiting to reveal itself, and arise in your life, in spiritual service to the world. What is the ONE thing, right now.....when you look inside yourself, you would say - "THIS is my gift! This is how I can change the world. " Tell us more about your SUPERPOWER below! (and don't be modest, be BOLD - that's what super powers are for! :)

6

What is your #1 spiritual challenge, or life obstacle, that is holding you back right now? (optional)

(we'll send you some free, personalized advice for overcoming it - whatever it is)

Thanks!
